

A BOON WHERE THERE'S BUNIONS

SCHOLL'S BUNION REDUCER SHIELD is a great improvement over bunion pads or protectors. It gives immediate relief, fits closely to the bunion or enlarged joint, shuts out all air and moisture and thus arrests further growth. Can be worn in the finest shoes and will not shift or bulge. Made of pure Para gum rubber. Only 50¢

BULGARIAN RECRUITS MOVE TO THE FRONT

OTHERS SUMMONED TO VACANT PLACES

Montenegrin Forces From Adriatic Sea Are Massed Beside Besieged Scutari

Sofia, Nov. 28.—Several thousand Bulgarian recruits of the 1912 class have left the capital for the front in the last three days, thus refuting the statements published abroad that Bulgaria has sent her last men to the war area. The government organ, Mir, referring to the foreign assertions, says there are plenty more recruits ready to occupy the barracks just vacated. The minister of war has summoned the recruits of the 1913 class to join their respective stations on December 3.

London, Nov. 28.—The Montenegrins have withdrawn from the Adriatic seaport of San Giovanni di Medua and the entire Montenegrin forces are now massed beside the besieged Turkish city of Scutari, according to a special dispatch received to-day.

NETHERLANDS WILL HAVE SITE AT FAIR

Acceptance Received From Twenty-Second Foreign Nation at U. S. State Dept.

San Francisco, Nov. 27.—Word was received to-day that Joubert J. Loudon, minister from the Netherlands to this country, has notified the state department at Washington that his nation accepts the invitation of the United States to participate in the Panama-Pacific exposition in 1915. The acceptance is the twenty-second thus far received from foreign nations. Minister Loudon will arrive here on December 9 to select a site for the Netherlands building.

SASKATCHEWAN BY-ELECTION.

Regina, Sask., Nov. 28.—Nominations yesterday for South Qu'Appelle resulted in David Raitton being nominated as Liberal and Joseph Glenn as Conservative candidate.

FRENCH GENERAL MADE A MISTAKE

ARMY MOBILIZATION UTTERLY UNFOUNDED

Belfort Garrison Infantry Held Annual Practice Mobilization To-day

Paris, Nov. 28.—The French minister of war issued a statement to-day declaring that the report of the mobilization army on the eastern frontier and elsewhere was utterly unfounded.

The calling out of the reservists in the neighborhood of Nancy is declared to have been due to a misunderstanding. According to the Temps, the brigadier-general of the district received a telegram concerning a partial mobilization, and when it reached him he opened the secret instructions in his bureau relative of what to do in case of a general mobilization. He immediately acted upon these in the district under his jurisdiction.

The brigade of infantry in garrison at Belfort to-day held a practice mobilization as it does every year at this time.

SOLDIERS' CENT MEN ARE SENT TO JAIL

GUILTY OF GROSSLY INSULTING THE ARMY

Paris Masons Tried to Promote Labor Federation Among French Soldiers

Paris, Nov. 27.—A jury in the assize court has found nineteen members of the Paris Masons' Union guilty of conduct grossly insulting to the army and has sentenced them to three months' imprisonment and the payment of a fine.

The defendants were charged with being the prime movers in the organization of what is known as the "South DuSoldat" ("The Soldiers Cent"). By this means it was sought to collect a cent a month from members of the organization to spread anti-militarism in the army. Its object was to promote in the army the propaganda of the general federation of labor.

APPEAL FOR MORE DEMURRAGE ON CARS

DECREASE SHORTAGE BY FIFTY PER CENT

Boards of Trade Present Before Railway Commission to Oppose Change

Ottawa, Nov. 28.—That if the railway commission would allow them to increase their car demurrage charges, at least 50 per cent. of the car shortage would be relieved and shippers east of Port Arthur would have over three thousand more cars per day, was the contention made by the railways at the hearing of their application in this regard before the railway board to-day. The C. P. R., C. N. R., G. T. R. and Michigan Central have all presented a new tariff of charges.

Representatives of boards of trade of all big eastern cities, including Ottawa, as well as a number of commercial organizations, were present to oppose the application, one stating that the demurrage officials were "the cheapest class of labor in Canada." Before the proceedings commenced Chief Commissioner D'Arcy Scott read telegrams from R. H. J. Alexander, of Vancouver, and the Gibson Coal Company, of Brantford, to the effect that lumber and coal men would not object to paying this increased demurrage providing that consignees in turn be allowed to fine the railways for delay in placing their cars.

JOIN FOR DEFENCE.

Sydney, N. S. W., Nov. 28.—Senator Pearce, the minister of defence, after a visit to the general officer commanding the New Zealand forces, is of the opinion that the time is not far distant when Australia and New Zealand will be found acting together for the defence of Australasia.

MEMORIAL SERVICES.

London, Nov. 28.—Memorial services for Sir Edward Seaborne Clouston, Bart., were held to-day at St. Peter's, Eaton Square. Prebendary Storr officiating. A large number of representative Canadians attended the service.

C. P. R. ROLLING STOCK.

Montreal, Nov. 28.—During 1912 up to the present the C. P. R. has ordered rolling stock to the value of \$48,000,000, which is double the amount ever ordered by any railroad system in North America during the same period.

PEACE IN BALKANS THOUGHT UNLIKELY

MINISTER OF TURKEY ONLY JUST ARRIVED

Held Interviews With Noted Personages While at Vienna and Bucharest

Constantinople, Nov. 28.—Skepticism continues here in regard to the prospects of an understanding between Turkey and Bulgaria. To-day's meeting of the Turkish and Bulgarian delegates at the village of Baghtche is not expected to go beyond a preliminary review of the conditions of a possible armistice.

It is not improbable that the discussion will last several days. The principal Turkish plenipotentiary Osman Nizami Pasha, Turkish ambassador at Berlin, indeed, arrived only to-day as he broke his journey both at Vienna and Bucharest, and held interviews with Count Berchtold, Austro-Hungarian foreign minister and King Charles, of Roumania. Importance is attached to these diplomatic conversations, as it is believed they will have bearing on negotiations at Baghtche.

MORE NORTH WEST POLICE ARE WANTED

Borden to Bring Down Bill Providing Changes and Plain Clothes Branch

Ottawa, Nov. 28.—The demand for more detachments of Northwest Mounted Police has been constant and insistent, the population having increased five times, and the settled areas having extended tenfold, while the force has 50 officers and about 600 non-commissioned officers and constables.

Premier Borden is to bring in a bill amending the Royal Northwest Mounted Police Act. It will provide for some important changes in regard to the force. It is proposed to increase the strength of the force. There have lately been eleven divisional posts and 170 detachments with no sufficient reserve of strength at any of the divisional posts to meet emergencies. The detachments consist in most cases, of a single constable. The service has experienced much difficulty in keeping men and in getting new ones under the existing scale, while so many opportunities of more profitable employment exist in the western provinces.

A new departure will be a clause providing for the use of plain clothes men in connection with the Mounted Police. The need of this has been very evident in tracking down persons wanted for murder and other offences in the scattered western settlements.

CARGO ON FIRE.

Fort William, Ont., Nov. 28.—A fire broke out in the sulphur cargo of the Jacques, while the ship was tied up at the Grand Trunk Pacific dock yesterday afternoon. Two hundred bales were destroyed. The sulphur was consigned to firms throughout the West. The ship was not damaged.

FREUND G. N. R. ATTORNEY.

St. Paul, Minn., Nov. 27.—Following the resignation of James D. Armstrong Monday, the appointment of Stanford E. Freund as attorney-general of the Great Northern railway to take effect immediately was announced.

JINGOISM IS NOT TAKEN SERIOUSLY

BRITAIN MUST NOT LIGHTEN BURDENS

Radicals to Ask Premier Asquith Regarding Tenor of Speech From Throne

London, Nov. 28.—Several correspondents of British newspapers are cabling on the parliamentary session now in progress. The Daily Telegraph's correspondent to-day spoke of the garbled reports from obscure English newspapers here, being transmitted to Canada to show "England is laughing in her sleeve at the expense of Canadian jingoes."

The correspondent says he showed this extract to Premier Borden, who smiled, and considered no reply from him was necessary. The Daily Telegraph must have hunted in remote places of British journalism for this morsel to lay before the Canadian premier. Careful scrutiny of the editorial opinions of the reputable press here on both sides of politics has nothing of the sort, nor has anything like it appeared in any London or provincial paper of any standing.

The whole trend of editorial opinion here, as already indicated in previous Canadian Associated Press cables, is that Canada's desire to share in the Empire's defence must not be taken as an excuse for Britain lightening her burdens as a world power through the assistance rendered by the Dominions. Regrets are also expressed in some quarters that the Dominions feel the necessity of following the older nation's undertaking.

Mr. Joseph Martin in the House of Commons yesterday asked Premier Asquith if he had seen the statement in the speech from the throne in the Dominion House, to the effect that certain naval disclosures were made to the Canadian ministers on their recent visit to London, which had made it imperative that the naval forces of the Empire should be strengthened. If so, was the Canadian government warranted in coming to that conclusion?

Mr. Asquith's reply was purely non-committal. He said that a memorandum had been presented at the express wish of the Canadian government which defined with fullness and precision the position adopted by the Imperial government. This would be laid before the House without delay, but it must first go before the Canadian government.

Mr. E. G. Falle, of Portsmouth, asked the First Lord of the Admiralty what men-of-war for the defence had been built, or were building, during the last four years by New Zealand, South Africa, Canada and the Malay States, and if these ships would be in addition to those voted by parliament for the ship-building programme deemed sufficient by the Admiralty.

Mr. Winston Churchill replied that New Zealand had one battle cruiser nearing completion for the Royal navy; Australia one battle cruiser and two second-class protected cruisers nearing completion, one second-class protected cruiser building, three destroyers in commission and two submarines building, all for the Royal Australian navy; South Africa had none; the Niobe and the Rainbow had been purchased by Canada, and the Malay States had one armored ship for the Royal navy on order, and this offer had been accepted. None of the vessels affected the new construction already announced.

WOMAN MAKES TEST OF PRICE OF MEAT

Suffrage Leader Loses Money on Butchering Experiment With One Cow

Spokane, Nov. 27.—"Loss, \$8.76. Every fellow to his own trade. There is no immediate danger of my embarking in the butcher business," said Mrs. May Ackwright Hutton, the suffrage leader and wealthy mine owner, to-day, after striking a balance on the financial returns from Daisy, the three and a half-year-old cow purchased a few days ago to demonstrate the high cost of meat.

Mrs. Hutton had been skeptical about the reports that Spokane butchers were losing money, so she bought the beef and had it cut up at the A. & K. market by Edwin Jeklin.

When sold and everything commercialized she discovered a loss of \$8.76.

PANAMA EXPENDITURE.

Washington, Nov. 27.—Expenditures for the completion of the Panama canal are to be taken up by the house appropriations committee soon after the return of Chairman Fitzgerald and the dozen members who went to Panama. The Panama party will reach New York to-morrow and the committee members will hasten to Washington to begin work on the various big appropriation bills that must be passed before March 4.

"RARE EDITION" ARREST.

Boston, Nov. 27.—Romeo W. Nathan of Revere, was arrested here to-day in connection with a federal investigation of the sale of alleged "rare editions" of books through which victims have been swindled, it is claimed, out of \$6,900,000.

Nathan was one of eleven indicted men who, it is alleged, induced wealthy persons to buy comparatively valueless books at stupendous prices.

VANCOUVER TRIAL SUDDENLY STOPPED

SCANDAL TO BRING CASE, SAYS JUDGE

Mr. Justice Clement Refuses to Try Hatzic Prairie Cause in Supreme Court

Vancouver, Nov. 27.—"I think it is a scandal that a case like this should be brought before the court when the company is being wound up in liquidation. I will not try the case, but will order it to be struck off the list without any order as to cost."

This was the bombshell that Mr. Justice Clement threw into the ranks of the lawyers and litigants in the Hatzic Prairie case at the opening of the court this morning. The decision was quite unexpected by the parties.

S. S. Taylor, K. C., counsel for Mrs. Cameron Kenworthy, at once rose and objected to his lordship's remarks as being a reflection on the counsel in the case, and being liable to be misunderstood outside the courtroom. He said that counsel had endeavored, without success, to bring the parties to an amicable agreement. Charges of bad faith had been made, he said, and it was impossible under the circumstances for the parties to come together, and they claimed the right to appeal to the courts to decide upon the merits of the charges.

Sir Charles Hibbert Tupper, K. C., also addressed the court, stating that in the case of his clients, Messrs. Senkler, Spinks and Jayne, charges of unprofessional conduct had been made and he contended they had a right to clear themselves in court. Certainly, he said, it was unfair to make them pay the costs of defending themselves against charges which he claimed were baseless.

His lordship, interrupting counsel, reiterated his intention of not considering the case any further in view of the fact that the Hatzic Prairie Company is no longer in active existence, and that the decision as to the rights of the trustee shares could no longer affect the company. He said he completely exonerated counsel from any suggestion of being responsible for the protracted litigation between the parties.

Counsel in the case this morning were C. W. Craig for the plaintiff; Scott, Elliott and John Kenworthy, S. S. Taylor, K. C. for Mrs. Cameron Kenworthy; W. H. D. Ladner and Hamilton Read for Harold Kenworthy, and Sir Charles Hibbert Tupper, K. C. for Messrs. Senkler, Spinks and Jayne.

The costs of the company's litigation, amounting to nearly \$2,000, which was the principal bone of contention in the present action, were added to. It is said, by a sum of about \$1,000 by the abortive trial of yesterday and to-day. These costs will have to be borne by the various parties, each paying their own share, unless an appeal is taken, which was admitted by counsel to be extremely unlikely.

PAID BET HE LOST ON COL. ROOSEVELT

People Block Streets Taking Snapshots of Man Flipping Peanut With Toothpick

Chehalis, Wash., Nov. 28.—Victorious Caesar wasn't in it with the triumphal march of C. M. Rogers, a naval training instructor in the Chehalis high school, after he had paid a bet made before election with one of the young women teachers.

Rogers bet on Roosevelt. He was game. He paid his bet.

As he passed the court house he was told to stand up and have his picture taken with the peanut in one hand and the toothpick in the other. He tried to stand but his legs refused to carry him. He had to be held during the process.

The proceedings took just forty minutes. However, had not the right to flip the goober been accorded him, he would have been rolling yet, as the peanut persisted in going every direction but straight down the street.

En route a number of pictures were taken and each time the last one showed an added number of people in it. By the time the court house was reached the streets were blocked. People up and down Main street and Market street left their houses and stood on their porches watching the show. In the eyes of his associates Rogers is a hero of heroes.

NEW PACIFIC STEAMER.

Sydney, N. S. W., Nov. 28.—In addition to the Niagara, which Captain Gibbs is bringing out for the Canadian-Australian run, the Union Steamship Company has definitely decided to build another liner to replace the Marama. The Niagara will enter the Vancouver service in May. She will be an oil-burner and supplies of oil will be taken aboard at Vancouver and Honolulu.

FOUND NOT GUILTY.

Augusta, Maine, Nov. 27.—Mrs. Elsie Raymond was found not guilty to-day of the murder of Miss Hattie Hackett at Readville, seven years ago.

Miss Hackett was killed by strangulation and her body was found in a field with a cord tied tightly around her neck. No arrest was made until a few months ago.

Angus Campbell & Co., Limited, 1008-10 Government Street

Invitation Club Dances.—The second of the series of Invitation Club dances will take place to-morrow night at the Alexandra hall.

Guest Day, Alexandra Club.—Next Monday will be the regular "Guest Day" at the Alexandra Club, when members and their friends will be made welcome.

Reception a Club.—The executive of the Victoria Women's Club will be "at Home" to-morrow evening from 8 to 10.30 at the Victoria Club, when all members will be cordially welcomed. The evening will be passed in playing cards and games, and a small programme of music has been prepared. Refreshments will be served.

Mrs. Watson at Y. W. C. A.—Mrs. Watson, who last evening gave a very entertaining talk on a "Six Months' Tour of Europe," to the members of the Women's Educational Club, will repeat her lecture to-morrow evening at the Y. W. C. A. No admission will be charged, and members are cordially invited to be present.

Victoria Debating Society.—The usual weekly meeting of the Victoria Debating Society will be held in the K. of P. hall at 8 p. m. to-morrow. Mr. McArthur, who has spent many years in China will introduce a discussion on "The Coming World Power." All are invited to attend.

Principal Wilby Resigns.—Another principal of a public school in the Victoria district has been compelled by ill-health to resign. Principal W. J. Wilby, of the Lamson Street school, is retiring on that account, as is also Miss A. B. Cooke, the assistant principal. Mr. Wilby has organized a most effective cadet corps during his term at the Esquimalt public school, from boys of his school and Victoria West.

Christmas Bazaar.—The Mary and Martha Society of St. Paul's Lutheran church, corner Princess avenue and Chambers street, will hold their Christmas Bazaar in the basement schoolroom on Thursday afternoon and evening, December 5. Refreshments will be served and a programme, musical and literary, will be rendered. The Luther League will have charge of the candy and novelty booths and will conduct the contests.

Church to Be Consecrated.—The new St. Paul's Lutheran church, corner Princess avenue and Chambers street, will be consecrated on Sunday, December 1. Prominent Lutheran clergymen of the Northwest will be present and will address the congregation at both services 11 a. m. and 7.30 p. m. The musical arrangements for both choir and orchestra are under the able direction of Fred Parfitt. Miss Nellie Luney will assist as soloist.

Physical Culture Classes.—The Y. W. C. A. physical culture class, which has now grown to more than thirty members, will meet again this evening at the Pemberton gymnasium, Miss Jarvis instructing as usual. These classes have proved most successful since their inception—also the classes which have been opened at the new Y. W. C. A. quarters at the corner of Quadra and Caledonia, the site of the proposed new building. The new secretary, Miss Bradshaw, is resident at the newly taken quarters, and a number of girls are already resident and familiarizing themselves with the position in preparation for the time when the new building will be opened up. Classes in dressmaking have commenced, and a literary class has been started, while the Sunday Bible class has a large enrolment of members. The present Quadra street house contains reading and rest rooms, and a luncheon room.

JAPALAC LORAIN RANGES 'Victoria Oak' A Handsome and Serviceable Heater Manufactured especially for us. Very attractively finished, suitable for your sitting-room or parlor. Throws out lots of heat. HICK & FRASER 1503 Douglas Street Opposite City Hall We have a client who is willing to dispose of his prairie holdings at a sacrifice. TYVAN, SASKATCHEWAN, 4 lots, for \$500 GLENAVEN, SASKATCHEWAN, 160 acres, 70 acres ploughed. Per acre \$20.00 MONEY TO LOAN

TWENTY-FIVE YEARS AGO TO-DAY Victoria Times, November 28, 1887. Judge Harrison returned on Sunday night from the mainland. Archbishop Gross, of Portland, accompanied by Father Hylebos, of Tacoma, arrived from the Sound this morning. The latter is vicar-general of the diocese of Nisqually. At High Mass this morning Rev. Father Letereux acted as master of ceremonies. Superintendent Roycroft received a letter from Mr. Puts last night informing him that a half-breed named Sam, had murdered a girl on Mayne Island. The murderer escaped to another island. It is believed the murder is the result of a drunken quarrel. His Honor, Lieut.-Governor Nelson; Mr. E. C. Baker, M. P.; and other prominent citizens have accepted invitations to attend the annual dinner of the St. Andrew's & Caledonian Societies. The dinner is one of the notable events of the year. On Saturday after the Times went to press, a pleasing performance took place in our composing room. Mr. Shinnabarret, on behalf of the chapel, called the members around the stone, and in a few well chosen remarks, presented Mr. Joseph Randolph, the newly married chairman of the chapel, with Shakespeare's complete works in four handsomely illustrated volumes. An Ottawa dispatch states that Capt. Warren, owner of the five sealing vessels seized by American revenue cutters in Behring Sea, is again in Ottawa. His claim for damages is again the subject of correspondence between the Canadian and American governments. The winter time-table for the E. & N. Railway comes into effect on December 1, and will be confined to a daily train between Nanaimo and Victoria. Special afternoon and night trips will be made between Nanaimo and Wellington on Wednesdays, Saturdays, and Sundays.

A Presentation.—An interesting presentation of a gold watch and chain and pencil case was made to Fr. M. Russell by the firm of Weller Bros., Limited, and its staff, on the occasion of his retirement from the firm after twenty-three years' service. Mr. Russell has acquired an interest in the Vancouver Island Properties & Securities, Limited—a new real estate concern of high standing, which is now opening up its offices on Government street, next to the Canadian Bank of Commerce. To Elect President.—The Victoria Progressive Club will hold a meeting in the Westholme Grill this evening at 8 o'clock. The principal business of the meeting will be the election of a new president to succeed W. W. Baer, who will be leaving the city in the near future. James Bay Methodist Sale.—The Ladies' Aid of James Bay Methodist church held their annual winter sale yesterday afternoon and evening, and, despite the several other sales held in the city during the day, was eminently successful, and well patronized by friends. Rev. Thomas Robson informally opened the sale, while musical numbers were interspersed through the proceedings during both afternoon and evening, and proved enjoyable features of the sale. Plain and fancy work was in the hands of Miss Renfrew and Mrs. Stinson, and the homemade candy and cake table proved popular under the management of Mrs. Renfrew and Mrs. Lewis. Attractive stalls which proved popular with the children were the dolls' table, directed by Mrs. Woodley and Miss Woodley; and the table with dolls' hats, managed by Miss Edwards. Miss Patrick directed affairs at the orange tree, this also proving an attraction with the little people. The flower stall was very pretty, this being presided over by Mrs. Daws and Mrs. T. Daws. Those who assisted at the musical programme were Mrs. Thompson, Mr. Thomas, Mr. Dilworth, Miss Edith Edwards, and Mrs. Scales.

"IF YOU GET IT AT PLIMLEY'S IT'S ALL RIGHT" "BEST IN THE LONG RUN" GOODRICH TIRES THOMAS PLIMLEY 730 Yates Street Phone 608

Can't You Find Some Christmas Suggestions Among the Following Selections From the New December List of Columbia Double Disc Records?

TEN THOUSAND TIMES TEN THOUSAND (Dykes). THOU WHOSE ALMIGHTY WORD (Giardini). Two special records of the music of the Chimes of Trinity Church, New York City. Demonstration at any time.

FLETCHER BROS. Western Canada's Largest Music House. 1231 Government Street Victoria, B. C.

SPORTING NEWS

(CONTINUED)

REMARKED ON THE SIDE

Looks Like Syndicate Hockey in the N. H. A.
It is hardly likely the Eastern hockey fans will stand for the manner in which Lichtenhein and Emmett Quinn are running the National Hockey Association this winter. Not content with breaking up all chances of a national hockey commission, the Wanderer owner is now accused of being the sole owner of the Tecumseh franchise. The fans will not stand for one man operating two professional clubs in the East and the inevitable will likely result. The club owners will find that the attendance will drop away until there is not enough left to pay for the skate sharpening. Professional hockey, due to the methods of Lichtenhein and others, is on its last legs in the East, and it will be some time before the promoters will be able to overcome the setback the sport has received in the last few weeks.

Helping Out the Champions.

The mere fact that Geo. Kennedy, the owner of the Canadiens, has offered Didier Pitre to the Quebec club to replace Prodgers will cause a big howl, and even then it is necessary for the Wanderers or Ottawas to hand over a couple of good players to give the champions a team that will make at least a fair showing. That is not all. Quebec's hockey fans have been raised to the Seventh Heaven by reason of their favorites winning the championship last year, and they will not stand for a mediocre hockey team this winter. The reaction will be so great that the N. H. A. will have to get out of Quebec.

Real Solution of the Hockey Muddle.

There is no doubt but that the real solution of the hockey muddle lies in a hockey commission. The difficulties of forming such a body, however, are very great, and one thing is certain, that the Coast promoters will never consider such men as Lichtenhein and Quinn in forming a controlling body over hockey. What is needed in the East is men of the calibre that gave pro hockey its start. Weldy Bate, of Ottawa, is of the stamp who can bring hockey back to its proper place at the head of Canadian winter sports, and until the pro game is taken hold of by men of such calibre, we can always expect to have squabbles and raids. The addition of Portland and possibly Seattle to the Coast League next year will make that body even stronger. The fact that the Coast clubs own and operate their own rinks gives them an edge over the Eastern clubs, which the latter will never be able to overcome.

uncovered and beautifully placed for attack. In passing, Bloomer has no peer, his specialty in this line being the taking of the ball in the air and side-glancing it to his outside man with unerring skill, always with the outside of his right foot. He can get up to head a ball better than any forward I know, and his timing of his flight is always perfect."

LIONS TOOK TWO.

Hyanas Did Not Strike Their Stride Until the Last Game.

Lions got away to a good start by taking the opening pair against the Hyenas on the Arcad. alleys, Hyenas getting the last game. The scores:

Lions	2	3
Brewster	178	168
West	125	125
Paint	175	128
Stalden	125	125
Dallas	139	197
	742	743
Hyenas	1	2
Archibald	125	125
Munsey	197	144
Hardwick	153	128
Jamieson	125	176
Huggett	119	129
	719	702

DUBBIE KERR

Flaxen-haired flyer, who has been the sensation of the Ottawa Club in the N. H. A. for the past two years. He will play with Victoria this winter.

LIVE BITS OF SPORT GOSSIP

What has become of the International league? About all they have done so far is organize.

Ottawa still claim they will not let Ridpath play with the Torontos until they receive \$500 for his release.

The Torontos should be well supplied with goal-keepers. Either Harry Holmes or Ridge Rankin should hold their own in the N. H. A.

The Ottawa Football club are making strenuous efforts to keep Eddie Gerard out of professional hockey. They realize that Gerard will be badly needed next fall.

Jack Fournier, who is claimed by the Torontos, is also said to have signed with George Kennedy's outfit. Fournier was the class of the Ottawa City league last year.

Bruce Ridpath seems to have two good men in McLean, of Westminster, and Cameron, of Port Arthur, says the Toronto News.

The Tecumsehs of the N. H. A. must be using the "dark lantern" methods. Outside of signing up Horace Gaul, who has a bad pair of knees, and their sensational offer of \$1,000 for Taylor, who belonged to another club, nothing has been heard of the Indian outfit.

The six-men hockey is an individual game pure and simple, and while it is very spectacular it does away with all combination play and consists of individual rushes from one end to the other. Players of the Fred Taylor and Pitre style shine at this style.

Jack Maynard, Pete Campbell, Eddie Cuzner and all the present backs will be with Toronto Varsity next year. They lose most of their wings.

The Philadelphia Nationals have been transferred to another syndicate. It is reported, for \$100,000.

Gerald Hayes, formerly of the American Association, has been appointed an umpire in the International league.

It is reported that Bill Carrigan or Harry Davis will manage the New York Americans next season, succeeding Harry Wolverton.

A new way to instill ginger into baseball players will be tried by the Chicago National league club next year. The management of which announces that each day a brass band will play in the grandstand. Catcher Yantz, drafted from the Birmingham, Ala.,

team, the winners of the 1912 Southern league pennant, says that the scheme was tried in the Southern circuit and worked to perfection.

"Baseball in the National League should have a good season in 1913," said President Lynch when he was asked if he expected to see a more prosperous year than 1912 had been. "As a matter of fact," he added, "this has not been a poor season by any means when you take the entire circuit into consideration. Every indication points to another red-hot race next year between New York, Pittsburgh and Chicago."

Harry Wolverton's status in the American League is somewhat different from that of Roger Bresnahan in the National. Both drew unconditional releases from their clubs, but there was no rush to claim the ex-Yankee manager, though as he had but a one-year agreement with New York there would have been no embarrassment about assuming a contract.

The Montreal Lacrosse Club dropped \$7,000 in the N. L. U. last season, while the Nationals made \$1,900 in the "Big Four." What's the answer.

Unless Hobo Dougherty pays Ad Wolgast \$200, the amount which the lightweight champion declares his former trainer owes him, the Hobo person will not be permitted to train any fighter who is matched to meet Wolgast.

Harry Broadbent, who Bruce Ridpath claims for his Toronto team, is going to play in Ottawa or not at all. Broadbent may get a trial with the Ottawa team.

Freddie Landen, the crack little center player of the Ottawa Cliffhangers, is going to try out with the Torontos.

"Basil" Frith will captain the Varsity team this winter.

"Football is a good and practical part of education," said the Bishop of Truro, presiding recently at Truro Catholic school speech-day. "It teaches boys pluck, unselfishness and other moral qualities."

Miss Daisy Curwen has lowered the world's swimming record for 300 yards by 5 4-5 seconds.

Lehman is now with the Westminster club, and was formerly with Berlin in the Ontario professional league.

There are Indians and Indians, even among the pale faces, and the Sporting News is asked to make a correction concerning the particular brand of Redskins Lee Herring was when he was pasturing in war paint and feathers. It was stated that he played with the Nebraska Indians. That is a mistake. He was a member of Spencer's Cherokee team all this past season until he joined the Washington Americans on August 12. Spencer notes also that Herring is not the only papoose he has turned into organized ball, among his

list of former Cherokees being Bert Maxwell, Rabbit Powell, Paddy Mayes, Pitcher Schultz, who was with Toledo and Dayton, and others of lesser note.

RUGBY GETS A ROAST

Kingston, Nov. 28.—Queen's Journal in an editorial under the title of "In-tercollegiate Rugby Football," strongly condemns the game as brutal and tiresome, and advocates in no uncertain terms either a radical change in the rulings of Rugby itself or its abandonment for the cleaner and faster game of association. The Journal says:

"The close, hard game in which so many are maimed for life in which several Queen's men have been seriously hurt this season, and which is so tiresome to the sport-loving spectators with its constant delays over the injured men, this game must go on. Decent people are sick of the injuries and tired of the delays and the lack of excitement. The game that calls for merely brute strength and weight must certainly produce a different spirit from that which demands skill and science."

TRADE AGAIN OFF.

Chubby Charlie Announces That Tinker Will Not Handle Reds.

New York, Nov. 28.—All negotiations looking to the trading of Tinker, of the Chicago National league team to Cincinnati are off. This announcement was made yesterday afternoon by President Murphy of the Chicago club. If the trade had been consummated it was understood that Tinker would manage Cincinnati.

Murphy did not explain why the proposed deal had fallen through.

ATELL IS THROUGH

Former Featherweight Champion Quits the Ring.

St. Louis, Mo., Nov. 28.—When the gong sounded at the end of the sixth round of what was to have been an eight-round fight last night between Abo Atell, former featherweight champion, and Oliver Kirk, of St. Louis, instead of retiring to his corner, Atell stepped in the ropes and announced that he had enough, that he had given "the best that was in him," and was through with fighting forever. He was badly outpointed in the six rounds.

GARDNER IS COMING.

Hugh Lehman Also on His Way to the Coast.

Toronto, Nov. 28.—Manager Gardner, of the New Westminster hockey team was in the city yesterday on his way to the Pacific coast. He is accompanied by Nicol, the former Shamrock player. Hugh Lehman will join Gardner and Nicol and accompany them to the coast. Lehman will play goal for New Westminster.

BLOOMER IS TO ENGLAND WHAT R. WALKER IS TO SCOTLAND -- IN FOOTBALL

"Stephen Bloomer, England's most honored player, with Crompton's exception is to England what Walker is to Scotland. For a decade no English team was considered complete unless Steve was included. No other English player served his country better in international matches, and it is really wonderful to think that he is still engaged in first class football, although it is twenty years or so since he made his debut. Bloomer's great feature is his deadly shooting. I do not mean to infer that he is wanting in any other department—far from that—but I do think he excels in front of goal. He has found the net well over 200 times and is easily top scorer for England in international matches. He is the most dangerous man in front of goal that I ever played against. He takes the ball first time with deadly accuracy. He uses either foot with equal facility, and keeps the ball about a foot from the ground. He cannot be allowed the least latitude in front of goal, for he rarely misses any opportunity. A very profitable move of Steve's is, when going at full speed up the right and having drawn the opposition towards him, to double back suddenly and swing the ball to his outside left who is left

ADVERTISE IN THE TIMES

SOCIAL AND PERSONAL

D. Williams, of Vancouver, is at the Dominion hotel.

R. B. Johnson, of Vancouver, is at the Empress hotel.

R. Hay, of Vancouver, is a guest at the Dominion hotel.

W. E. Cloyes, of Chicago, is a guest at the Empress hotel.

Frank Harrison, of Vancouver, is staying at the Empress.

A. Cogswell, of Vancouver, is staying at the Dominion hotel.

R. Leach, of Vancouver, is registered at the Dominion hotel.

C. Carlston, of Bella Coola, is staying at the Dominion hotel.

W. H. Vance, of Vancouver, is a guest at the Empress hotel.

H. M. Boddy, of Vancouver, is a guest at the Empress hotel.

R. B. Johnson, of New York city, is staying at the Empress hotel.

E. C. McConnell, of Vancouver, is staying at the Empress hotel.

G. F. Gibson, of Vancouver, is registered at the Empress hotel.

Mrs. J. M. Corcoran, of Seattle, is staying at the Dominion hotel.

O. A. Landenberg, of New York, is a guest at the Empress hotel.

Miss E. Belle Metcalfe, of Vancouver, is a guest at the Empress hotel.

Mrs. Bertha Nelson, of Copenhagen, Denmark, is staying at the Dominion hotel.

C. Johnson came from Vancouver yesterday and stayed at the Empress hotel.

Max M'Pulman is on a visit to the city. He is a guest at the Empress hotel.

S. Gough arrived from Nanaimo and registered yesterday at the Dominion hotel.

Joseph W. Vipond is staying at the Dominion hotel while on a short visit here.

George Hay came from Westholme yesterday, and registered at the Empress hotel.

Frank H. Whyte arrived from Toronto yesterday. He is a guest at the Empress hotel.

A. H. Edwards came from Vancouver yesterday, and registered at the Empress hotel.

C. E. Griffiths is on a visit to the city from Portland, Ore., and is at the Dominion hotel.

George W. Barrington arrived from Montreal yesterday and registered at the Empress hotel.

After a trip which took him to many of the points on the prairies, O. C. Lalley, of Toronto, reached the city yesterday and registered at the Empress hotel.

Col. Hyde Cates, of Colwood, reached the city yesterday, and registered at the Empress hotel.

L. A. Rees came to the city from Bella Coola yesterday, and registered at the Dominion hotel.

A. J. Smith and Mrs. Smith, of Nanaimo are visitors to the city. They are at the Dominion hotel.

F. C. Brown and Mrs. Brown came from Vancouver yesterday and registered at the Empress hotel.

Captain L. Alexander, of Vancouver, came to the city yesterday and is staying at the Empress hotel.

F. J. Gordon, of London, Eng., arrived in the city yesterday. He is registered at the Empress hotel.

W. R. Dockill, of Vancouver, is spending a few days here. He is registered at the Empress hotel.

Alex. B. Croft, of Oakland, Cal., is a guest at the Dominion hotel while spending a few days in the city.

Col. E. J. Medley and Mrs. Medley, arrived from Dupan yesterday. They are guests at the Empress hotel.

Mrs. Malcolm Gillespie, 1630 Monterey avenue, will receive to-morrow and not again until the 5th Friday in January.

Louis Gaenett and Mrs. Gaenett, of Cobble Hill, are spending a short time in the city, and are at the Balmoral hotel.

Dr. J. T. Calder and Mrs. Calder, of Medicine Hat, are visitors in the city. They are registered at the Dominion hotel.

The members of the Thirteen Club will hold a social and dance in the A. O. F. hall, Broad street, to-morrow evening at 8.30. A splendid programme of dances has been arranged, and Mrs. Ridgard's orchestra will supply the music in the usual way. No invitations required.

The marriage took place in Calgary on November 12, of Mr. John M. Rolston, C. E., formerly of Victoria, now of Vancouver, to Miss Henrietta Gertrude Mitchell Fancourt, daughter of Colonel St. John Mitchell Fancourt. She was given away by her brother, Mr. Bernard S. Mitchell. The groom was attended by Mr. Freedland of Vancouver. The Rev. Dean Paget performed the ceremony, and following it a quiet reception was held at the home of Mr. E. H. Green. After a tour of the western cities Mr. and Mrs. Rolston will reside in Vancouver.

The Duchess of Marlborough held a bazaar in the great ball-room of Sutherland House last week, where six prisoners' wives helped as many society women to sell useful articles made by inmates of the Duchess of Marlborough's homes for prisoners' wives and children. Assisting the Duchess at the stall were the Marchioness of Blandford, Viscountess Ridley, Viscountess Acheson, Lady Lillian Grenfell, Lady Alastair Innes-Ker, the Hon. Mrs. Rupert Beckett and Lady Evelyn Baring. There was a large attendance and the sales were satisfactory. Mrs. Whitelaw Reid and Alfred De Rothschild sent orders. Among the many persons present were the Duchess of Roxburgh, the Countess of Wemyss, the Countess Pappenheim, Lady Helen Vincent, the Dowager Countess of Cottenham, Lady Stratheden and Campbell, Frances Lady De L'Isle and Dudley, and Lady Cooper.

At St. Barnabas' church last evening the pastor, Rev. E. G. Miller, united in marriage Mr. Henry Clarence Oldfield, of Saanich, and Miss Doris Octavia Oldfield, daughter of Mr. and Mrs. Oldfield, of Suffolk, England, and cousin of Mr. J. H. Oldfield, of 862 Pemberton road, were united in marriage. The bride, who was given away by her cousin, wore her travelling costume of grey-green whipcord with a hat to match trimmed with green ostrich feathers. There were no attendants. Mr. Londfield, organist of St. Barnabas' church, presided at the organ and played Mendelssohn's Wedding March as the happy pair left the building. Only the immediate relatives and a few friends witnessed the ceremony, these afterwards gathered at the residence of Mr. J. H. Oldfield, Pemberton road, where a wedding supper was served. Mr. and Mrs. Henry C. Oldfield left town on the midnight boat for the mainland en route to England, where they will spend the next three months, afterwards returning to take up their residence in Saanich. Both received many handsome presents. The guests at the wedding, outside the relatives of the happy pair, were Mr. and Mrs. H. J. Perrin, of Vancouver; Mr. and Mrs. Andrew Wright, of this city; Rev. E. G. Miller and Mrs. Miller; and Mr. Gardiner, of Winnipeg.

Dr. Martel's Female Pills
 Nineteen Years the Standard
 Prescribed and recommended for women's ailments, a scientifically prepared remedy of proven worth. The result from their use is quick and permanent. For sale at all drug stores.

 W. G. Patrick & Co., Vancouver, representatives for British Columbia.

She's on the warpath again
 She's always most active when the nipping winds set others shivering. They bring her out—bustling about to get ready that basin of warm, satisfying soup which looks so good, smells so good, and tastes—well, just try a basin yourself and see.

It's made of prime beef and the choicest of Irish vegetables. And as there's no over-strong, added flavouring, it's the making of any other soup or made dish.

The Evening Chit-Chat
 By Ruth Cameron

One of the most frequently misinterpreted words in the English language is one which three-quarters of us have had reason to be very familiar.

And that word is economy.

Economy means thrift. It doesn't mean parsimony; it doesn't mean meanness; above all things it doesn't mean a short-sighted and self-defeating policy of doing without those things which can be most easily dispensed with, regardless of consequences.

A neighbor of mine has pretty hard work to make both ends meet. She has three young children in her household, and it is not possible for her to leave home for an afternoon without having someone to take her place. Once in a while when the errands which she cannot ask anyone else to do have accumulated, she hires a woman to stay with the children and goes to town. She had just come back from such a trip the other evening when I went over to call and found her stretched out on the couch, pale and evidently completely exhausted.

"Does it tire you so much to shop?" I asked.

"It isn't just the shopping," she said, "but I walked all over town. I had an errand at A's and one at R's," (naming two points over a mile apart), "and walking tires me so."

"Why on earth didn't you take a car?" I asked in wonder. I actually never thought of the economy (?) motive. It seemed too absurd.

"I thought it would be extravagant," she said. Think of it! She was paying a woman for the time, she was using her strength, as if she often does, she will have to pay a woman to help her with the work; and yet she spent lavishly of both time and strength to save five cents.

Economy, economy, what extravagances are committed in thy name!

Another woman in our neighborhood frequently boasts of the infinitesimal sum on which she contrives to feed her family. She is always criticizing her next-door neighbor's bountiful board as being fearfully extravagant in view of her husband's modest salary.

Her neighbor on being acquainted with these charges retorted, "If she will add the doctor's bills she is always paying for those sickly, anaemic, under-fed children, to her household bills, I guess she will find that it costs her just as much to live as it does me, if not more."

Her neighbor was right. Nor do the doctor's bills alone represent all the cost of this woman's economy. She must also charge up against it the loss of efficiency which these children will probably suffer later from their under-fed childhood.

False economy is as common as poverty.

Real economy is as rare as brains. Real economy is a thankless task. Real economy is a fine art.

Which do you practice?
Ruth Cameron

NECESSITY FOR IMMIGRATION.

Japan's Only Remedy for Rapid Increase of Population.

The Tokyo Asahi, advocating the necessity of emigration, states that this is a policy adopted by all progressive countries, probably considering that the encouragement of emigration is the only measure to remedy oppression resulting through the increase in population. In Japan also the population undergoes a remarkable increase—at the rate of 500,000 to 600,000 every year—while the area under cultivation is not likely to make an advance proportionate to the growth of population, despite the reforms introduced by the Department of Agriculture and Commerce. The area devoted to agricultural products is at present 4,600,000 chobu, the allotment per individual being only 1 tan 3 sen when compared with the population of over 50,000,000. Moreover, as a percentage is planted with mulberry trees, tobacco, hemp, etc., to the extent of about 500,000 or 600,000 chobu, the actual area producing foodstuffs must be reduced to about 5,000,000 chobu. It is quite natural that no satisfactory result can be attained even though the limited farm land is highly cultivated to meet the boundless increase of population, and that the price of cereals at home will increase every year. Notwithstanding the necessity of adopting a policy of lowering the price of foodstuffs, the government imposes a duty of about 20 per cent. on foreign rice and 15 per cent. on flour, and also levies duty on other necessities, while the amount of convertible bank-notes has been remarkably increased, accelerating the advance in the price of commodities. It is not altogether unnatural that the complaints against the

increasing hardships are growing. This is why the journal advocates a diminution in the amount of convertible notes and the abolition of duty on foodstuffs, and at the same time urges the government to encourage emigration and so reduce the surplus population.

Japanese aspire to emigrate to America, but there the doors are closed against them on account of the anti-Japanese sentiment. The feeling exists in Australia and China, and even in the South Sea Islands it is reported to have already germinated. Japanese are expelled everywhere, while the population at home is ever-increasing, aggravating the difficulty of living.

With the expansion of territory of late, 120,000 have emigrated to Korea, 20,000 to Kwantung, 17,000 to Saghalien and 26,000 to Formosa; but the total number does not reach even one-half the annual increase in population. There are 20,000 Japanese in America, between 60,000 and 70,000 in Hawaii, between 40,000 and 50,000 in China, and about 10,000 in other foreign countries, which indicates the insignificant development of Japanese abroad. This is the fundamental weak point. The government should therefore endeavor to ameliorate, by peaceful diplomatic negotiations, the anti-Japanese sentiment in countries where Japanese desire to emigrate and adopt a policy of encouraging emigration so as to enhance national development and relieve the existing difficulty of living.

"My dear," said Mr. N. to Mrs. N., "what name did I understand you to call the new hired girl?"
"Japan," replied Mrs. N., briefly.
"And, pray, why such an odd name, my dear?"
"Because she is so hard on China," Detroit Free Press.

WOMEN ARE NOT ENOUGH IN INDIA

Females Too Little Value in Peninsula—Statistics of Numbers

Girl babies are not being thrown into the Ganges so freely as they were years ago, and the Hindu widows are not immolating themselves on their husbands' pyres as they once did, but the same feeling toward widows and baby girls still prevails, and works against their lives in subtler ways. The result is, we are told in the Lahore Tribune, that female mortality is so high that in middle life the men greatly outnumber the women. The decennial census just completed by the government shows this clearly. Strangely enough, in the early and late stages of life the women somewhat predominate, but in middle life their number falls far short. Thus, of the 43,000,000 East Indians under 5 years old, there are 450,000 more girls than boys. But the females seem to disappear more rapidly than the males, with the result that between the tenth and the fifteenth year there are 18,000,000 boys and only 15,200,000 girls. Curious to say, of those beyond 60, the women are slightly ahead of the men in number. In some parts the shortage of women, as a whole, is marked. For instance, in the Punjab, one of the largest provinces, there were on March 10, 1910 (the day the census was taken), 13,314,311 males, but only 10,872,775 females which means that every fifth man in the Punjab must go without a wife—a veritable calamity to a people among whom celibacy is altogether absent, while some among them like to show off their affluence by possessing more wives than one. To increase India's civilization, it finds that not one, but all the communities and races show disparity in their male and female population. This is evident from the following analysis printed in the Tribune:

Hindu Population.
"The total Hindu population of the Punjab is 8,773,621, 4,821,691 males and 3,951,930 females. The total Sikh population is 2,837,729, 1,453,285 males and 1,384,444 females. The Jain population is very inconsiderable, 46,775, with 25,250 males and 21,525 females. The Mohammedan population, the largest in the province, is 12,275,477, composed of 6,695,943 males and 5,579,534 females. The female population is uniformly smaller than the male population among all communities."

In fact, the figures conclusively prove the statement made by Mr. A. E. Hall, India's census commissioner, that "the proportion of sexes at birth is not very different from that in Europe, but subsequent conditions are relatively less favorable to female life," so it is quite natural that India should begin to sit up and take notice of the toll the country is paying for its neglect of women. We find Mr. R. Sawhney saying, in the Tribune, that "this want of uniformity in the male and female population is a great social danger," and he frankly analyzes the causes that are responsible for this alarming social condition. He says, in substance:

Female Offspring.
"To start with, female offspring are not looked upon with the same eye of affection as male children. Curiously enough, this feeling is common to the father and the mother. As a natural consequence, infant mortality is greater among the female sex than among the male."

"More women die of disease than men. But what is the cause of this? Just look at the life of an Indian female. Early in her life a girl is practically shut up in the house. The houses are by no means model houses as far as sanitation is concerned, and I might say without exaggeration that some of the girls hardly ever get an outing."
"We must also not forget that there are a lot of widows who, finding their lives unbearable, commit suicide, or starve themselves to death, in other words, commit a slow form of suicide. Widow-marrage would, I think, prevent this to a large extent."

"This diagnosis of the evils that infect Indian societies coincides with the causes of Hindustan's degeneration, pointed out by the British authorities, and is remarkable for its frankness, showing that the old-time East Indian habit of hiding the family skeleton is being replaced by a healthy desire to find out national disorders—and their cure may be expected to follow in its train."

ROLLING THUNDER.

The prolonged roll of thunder is readily explained by comparison with a volley fired along a line of troops. Suppose troops to be drawn up on a line in such numbers as to extend for a mile and ordered by a signal that all could see to fire at once. One standing at the end of the line would hear the report of the musket nearest him instantly. He would hear the others successively. Thus a report 500 feet away would come to him in half a second, and he would not hear the last report for five or six seconds after the gun had been fired. This would produce a sort of roll, which would gradually increase in intensity. If the listener stood exactly midway between the two ends of the line the reports from both ends would reach him at once, and the sound would be but half as long in reaching him as if he stood at one extremity. If the soldiers formed a circle there would be one sharp explosion.

Flashes of lightning may be considered as representing three lines of troops along which the explosions occur at the same time. Consider the variety of distance and position of the listener, and we account for the variety of sound in thunder. In mountainous regions the rolling is augmented by reverberations or echoes.

PITMAN'S CENTENARY IS TO BE OBSERVED

Interesting Romance of Shorthand Suggested by Celebration That Takes Place Soon

Preparations are being made in London for the observance next year of the centenary of shorthand. It will be really the centenary of Sir Isaac Pitman who is popularly supposed to have invented the art. As a matter of fact, shorthand is thousands of years old. A writer in the Strand Magazine says that a slave named Tiro, who was the chattel of Cicero, invented a system of shorthand, although there is some doubt whether the master or the slave be credited with the invention. Certain it is that many of Cicero's great orations were taken down by Tiro, and some specimens of his work have been preserved and will be on view at the London exhibition next year. So useful was Tiro as amanuensis that he was given his freedom by Cicero, whose confidential friend and secretary he became.

Looking over the preserved specimens of Tiro's shorthand, the reader is struck by its general resemblance to the systems that have been devised in modern times. There are the same dots, and hooks, and curves, many of the symbols being exactly the same as those adopted by Pitman, though they meant something very different to Cicero's slave. As a matter of fact, Tiro's shorthand in general appearance is more like that of the present day than is the system published in 1588 by Dr. Timothy Bright. In the 15 centuries that stretch between Tiro and Bright there were several shorthand systems adopted, but they were by no means free from defects, as we gather from the fact that Lastrun, who taught a system in the fourth century, was killed by his pupils, who had become exasperated, perhaps, by the complexities of his method.

Blood stains the history of shorthand later on, for the Emperor Severus ordered that the sinews of the right hand of one of his notaries should be cut on account of the errors found in his shorthand. It was not until 1692 that the first shorthand system founded on alphabetical lines was devised, and to John Willis must go the honor of inventing what was destined to be the forerunner of all modern systems. In all probability it was the Willis or Bright system that was used in taking down the plays of Shakespeare.

The greatest diary in the English language, that of Pepys's, was written in shorthand. Of shorthand it might be said that it is the history of amusing blunders, and every succeeding system was supposed to abolish the errors which had made its predecessor ridiculous. Emperor Severus, however, was not more disgusted with the system in vogue in his day than modern statesmen have been with the stenography of the twentieth century, which sometimes makes and mashes of their choice gems of thought. Lord Chief Justice Campbell, who held office at the time of the trial of Warren Hastings, complained that, whereas Burke had said, "Virtue does not depend on climates and degrees," the stenographer in attendance had reported him as saying, "climaxes and trees." The version of the speech preserved in the British Museum has it, "climaxes such as these," there being little to choose between the two in awarding the prize for nonsense.

An incident which occurred while the King was out shooting recently over the Hon. John Ward's preserves at Woolley, shows that His Majesty shares with many other people the superstition about the number "thirteen."
The eight guns were joined at luncheon by five ladies of the party staying at Chilton, and His Majesty, noticing the unlucky number, would not sit down until Mr. Donald Harding, the acting agent upon the estate, was called in to make the number up to fourteen.

NO RHEUMATISM THIS WINTER

Thanks to GIN PILLS

DON'T you want to have ONE WINTER free of Rheumatism? Don't you want to enjoy life as other men enjoy it?

Don't you want to eat and sleep and work as healthy, normal men do, instead of being all crippled up with Rheumatism or Kidney Trouble?

Then take GIN PILLS and conquer your old enemy for good. Mr. Beaudry did, with the help of the GIN PILLS, 597 Panet St., Montreal, P. Q., March 29, 1912.

"It affords me great pleasure to inform you that I have used GIN PILLS for about six months, and that they have done me a great deal of good. I have had Rheumatism for a couple of years, and this winter I saved myself from it by using GIN PILLS. I highly recommend GIN PILLS to the public."

"A. BEAUDRY."
Thousands of boxes of GIN PILLS are sold every year through the influence of those who have been cured, and who recommend GIN PILLS to their friends and neighbors. If you are subject to Rheumatism, Kidney or Bladder Trouble, start in right now on GIN PILLS.

50c. a box, 6 for \$2.50. If you want to try them first, write for a free sample to National Drug and Chemical Co. of Canada, Limited, Toronto.

PUBLIC OWNERSHIP BY AN ALBERTA CITY

Municipality Possesses Gas Plant, Telephones, Water and Street Railway Systems

Under the single-tax system the town of Edmonton, Alberta, has worked out a satisfactory plan of municipal owned public utilities, operating street railway and telephone lines, water works and electric light and power plants. The municipality has plans to install a gas plant costing \$700,000, and also has experts at work making test bores in the vicinity of Edmonton for natural gas wells.

The city of Edmonton owns and operates 40 miles of street railway lines, a water-distributing system of 90 miles of mains, and an electric and power plant of 5,400 k.w. Three hundred and fifty thousand square yards of paving, estimated to cost \$1,250,000, will be laid this year. At the beginning of 1912 the city had 217,429 square yards of paving. Improvements in the next two years will cost \$5,000,000. The municipality owns two industrial sites of more than 540 acres in the southern and northern parts of the city, where factory sites can be leased on long terms on a basis showing 6 per cent. on the cost. The business tax has been abolished. Electric light and power and water for manufacturing purposes are sold at a minimum cost.

Mrs. Flight—What's the noise I hear down in the library?
Mr. Flight—Must be history repeating itself. Go to sleep.

The total amount spent in Montreal during October in new buildings, according to figures compiled in the office of the building inspector, was \$2,506,558.

The Pleasant Task of — "Making Good"

About a year ago we announced that we had deliberately entered into the task of building a city at Coquitlam and proposed to carry that task through to success if we did not make a cent.

So, now that we have lately been calling your attention to the splendid manner in which COQUITLAM is making good, you will doubtless pardon us if we briefly emphasize the fact that the COQUITLAM TERMINAL COMPANY is making good, too, in a straightforward, faithful, solid and substantial manner.

ALTHOUGH IT IS GENERALLY RECOGNIZED THAT, PURELY AS A LOT SELLING UNDERTAKING, OUR TOWNSITE HAS BEEN THE MOST SUCCESSFUL ONE IN THE HISTORY OF BRITISH COLUMBIA, WE HAVE PUT ALL OUR CASH PROFITS BACK INTO TOWNSITE IMPROVEMENTS.

We paid about one-quarter of all the taxes in the whole Municipality of Coquitlam this year, some \$22,000, and on top of that expended directly on street improvements about \$15,000.

We have built, are building, or are about to build, a total of fifty houses and stores at Coquitlam.

We have built between four and five miles of streets and sidewalks.

We have built a large number of ditches and bridges.

We are now building an industrial railway that will cost about thirty thousand dollars.

We have put ten thousand dollars into a hydrographic survey of the Pitt and Fraser Rivers in order to establish data for a harbor survey and supply the government with much needed information concerning these rivers.

We have been the means of organizing or locating at Coquitlam several manufacturing concerns, the farthest advanced of the larger of which is the Coquitlam Shipbuilding & Marine Railway Company, which is spending thousands of dollars weekly on the great plant at Coquitlam, preparatory to building of ships.

We have embarked upon a very costly campaign for the industrial promotion of Coquitlam and have not asked a single corporation or individual that has interests there to contribute a cent.

Without being accused of unduly "blowing our horn," may we not submit that the foregoing proves that the Coquitlam Terminal Company, as well as Coquitlam, is making good?

We cannot give you all the details of the great forward movement at Coquitlam during the last year in the limited space at our command here, but if you get our beautiful new booklet, now in preparation, "Coquitlam, the Industrial City," as well as our other literature regarding the achievements in the past year, you will probably agree with us that it is easy to understand the high respect in which Coquitlam is now held by the more conservative investing public.

Instant Postum
---the new table drink
Saves time
Saves health
Saves money

Housewives:
Stir a level teaspoonful of Instant Postum (direct from the tin) in a cup of hot water; add sugar to taste and enough cream to bring the color to a golden brown. You have a wholesome drink with a fascinating flavour.
Postum is a pure food beverage, absolutely free from caffeine or tannic acid, the harmful drugs in tea and coffee which cause so much nervousness, biliousness and indigestion.
There are many reasons why you should ask your grocer for

Instant Postum
It is economical to health and purse.
If your grocer does not have Instant Postum, send his name and address and a 2-cent stamp to cover postage, and we will mail you a 5-cup sample tin.
Canadian Postum Cereal Co., Ltd., Pure Food Factories, Windsor, Ont.

NEWS FROM PROVINCIAL TOWNS

FREE GOLD FOUND IN MANY PLACES

Miners Take Samples to Stewart From Maroon, Atlin and Eight Mile

Stewart, Nov. 28.—Time and time again is read in the newspapers of rich gold strikes, one of the very latest being that of a find at Maroon point on Kitsumkalum lake. The report reads that the town of Kitsumkalum is being depopulated and speaks of the richness of the find being such as to cause the butcher, the baker, the candle-stick-maker and the doctors, the lawyers, the merchants and others to stampede and block the trails. It sounds fine, almost causing a rush of blood to the head of the old miner, coupled with a mad desire to also fly to the scene of this wonderfully rich find and stake to the sky line, and live in peace and plenty ever after.

The others and more recent find was made on the Engineers' group of claims in the Atlin district where, as the correspondent in the paper, the quartz is worth \$100,000 to the ton. Sounds fine again. A ton of gold conjures up in the imagination millions of shekels when, as a matter of fact, it is only worth about \$480,000. A couple of tons piled up in close proximity to the office coal heap would not be sneezed at. That's not the point. In both cases above referred to the newspaper statements may have been absolutely true. It is to be hoped so.

At the beginning of the week there was quite a ripple of excitement caused in Stewart when George Brusky came into town from the Marmot with as nice a specimen of free gold as one would desire to see. It came off his property two miles up the creek, where he has a couple of men working for the past fortnight or so. They have been cutting away the surface wall in order to start a tunnel and were in about eight feet from the toe when this piece of quartz was found. The exact extent of the lead or the richness of the vein has not yet been ascertained, but it is good news to the people of the district to know that such valuable quartz has been uncovered.

Right on the heels of the news of the Brusky find comes Theodore Pearson from Elchi-mile on the Salmon with a chunk of white quartz about the size of an apple, with the gold sticking out of it in a half dozen places. Pearson and Peterson have been working on their claims on the Salmon river for quite a while and deserve to strike it rich. At the present time no details are known.

CRESTON TALKING OF INCORPORATION

Property Owners Want Sewers, Street Lights, Telephones and Other Improvements

Creston, Nov. 28.—That the majority of interested property holders of Creston favor the incorporation of the town, was expressed by the vote of the meeting held last Saturday night in the Mercantile hall to discuss such a move. About fifty attended the meeting and discussions pro and con were heard.

The imminent need of a sewer formed the principal reason for desiring to incorporate and the basis of discussion, although other benefits, such as fire protection, street lights, more sidewalks and crossings, and in time better streets were spoken of. The public ownership of the waterworks, telephone system and a lighting plant was also mentioned.

However, as one of Creston's business-men barely survived an attack of typhoid fever this fall and as there is a great danger of an epidemic of this disease as long as the pools of stagnant water and kitchen waste are allowed to exist, the need of a sewerage system formed a persuasive argument for those favoring incorporation.

C. P. R. WILL LEASE KETTLE VALLEY LINE

Similkameen, Nov. 28.—The Kettle Valley Railway Company will apply to parliament at the approaching session for authority to lease its line of railway to the Canadian Pacific railway, which proposes to construct the following lines: From a point on its present authorized line at or near Summers creek by the most feasible route to the Copper mountain and Voight mining camps, situated about fifteen miles southwest of Princeton. From a point at or near Vernon, in a southerly or southeasterly direction by way of Kelowna and by the most feasible route to a point at or near Pentleton, B. C. From the terminus of the branch authorized by the statutes of 1911 in a northerly and westerly direction, by the most feasible route to the Otter summit, about thirty miles south of Merritt, B. C. From a point near or at Tulameen, westerly up the Tulameen river, a distance of about fifty miles in British Columbia.

MINING CONDITIONS GOOD AT ROSSLAND

Rosland, Nov. 28.—Among last week's visitors to Rosland was E. Jacobs, of Victoria, who came in from Revelstoke, Slokan lake points, Kaslo and Nelson. From him it was ascertained that at Revelstoke he was informed there had lately been more interest taken in the Big Bend district, and more activity in placer gold mining noticeable there, than for many years. He was shown some nice-looking placer gold, and saw a photograph of a heap that contained between 40 and 60 ounces, recovered by L. M. Remillard on his placer claim on French creek.

MINERAL WEALTH IS BEING DISCLOSED

Hazelton, Nov. 28.—Fresh evidences of the unsurpassed mineral wealth opened up by the main line of the Grand Trunk Pacific Railway in Western Canada are brought to light almost day by day and the latest find is a body of high-grade coking coal, discovered lying south of that town. The property in question is on the Kitsegukia river, twelve miles from the G. T. P., and contains thirty-one seams, two of which have been partially developed. Of these last one is seven feet in thickness and the other four. According to assays made in Vancouver the coal yields 85.5 per cent of coke, but is also a high-grade steaming and domestic fuel.

SELLS BIG RANCH.

Prince Rupert, Nov. 28.—A deal has been completed whereby Otto Kling, of Fort George, and Edmonton associates became the owners of the Petro ranch, about ten miles above Fort George on the Nechaco river.

POPULAR MARRIAGE.

A ceremony that united two of the most popular young people in Prince Rupert took place recently, when the marriage of Mr. M. E. Wells and Miss Lily Christiana Johnstone was solemnized at the residence of Mrs. J. M. Christie, Fourth avenue.

ENGINEER REPORTS SPLENDID PROGRESS

Westminster, Nov. 28.—Mr. W. Bruce C. E., the engineer on the reclamation works at the mouths of the Serpentine and Nicomekl rivers, Surrey Municipality, reports the work progressing satisfactorily. The work is expected to be completed about February 29, 1913, and 12,000 acres will then have been recovered for productive uses. The soil is of the best but will, of course, have to be underdrained.

At the Nicomekl they have the coffer dams built over north and south sections. The middle one will remain open until the concreting of the others is finished. The concreting will be started in a few days.

On the Serpentine the coffer dam is being built in two sections, and the southern section is from 60 to 70 per cent completed and concreting is going on. General conditions are favorable to the work.

DEVELOPMENT OF SOUTH HAZELTON

South Hazelton, Nov. 28.—General Manager Donaldson, of the Grand Trunk Pacific, has issued instructions for the extension of passenger and freight service to South Hazelton. The railway board has already issued a permit for the operation of the road to that point. Orders for the immediate erection of a depot, etc., at South Hazelton have also been issued.

POWER AT WESTMINSTER.

Westminster, Nov. 28.—The first big power contracts obtained by the Western Canada Power Company in the city are now under way and a large gang of men is at work stringing the wires connecting their lines with the plants of the Dominion Match Company and the B. C. Transport Company.

Shiloh
The family remedy for Coughs and Colds which costs so little and does so much.

SIDNEY

Development at Sidney in the last few months has been steady. Greater things are in store for this thriving little town, an abundance of pure water, electric lights and improved transportation facilities are only a matter of a few months. The water and lights before April 1, 1913.

The Great Northern Railway stands ready to spend a large sum of money on betterments immediately the existing differences between themselves and the city are settled.

Good inside business property can be had as low as \$35 and \$40 per front foot. Where can you beat it in a town with such possibilities? See us.

BIRTHDAY CALENDAR

IF THIS IS YOUR BIRTHDAY
With care, the success which you long for will be yours. It is better to concentrate your attention on a few things than to attempt too many. If you are employed, be especially careful and just in your judgments. Those born to-day will be talented but will work hard, where others would know how to serve themselves. They will be restless, and will too often change from one occupation to another.

Birthday Congratulations TO

Bastedo, David Edgar (Bracebridge, Ont.); born Oxford county, Ont., 1869; journalist in early life; sheriff of Muskoka since 1906.
Buchanan, George Owen (Kasio, B. C.); born Bath, Maine; 1850; inspector of lead bounties for many years; one of the founders of the consolidated boards of trade of British Columbia.
Crowe, Harry Judson (Toronto; born Halifax, 1888; a pioneer in the pulp and paper industry of Newfoundland.
Davey, Frederick William, Victoria, B. C.; born 1870; surveyor of customs at Victoria since 1905.
Gordon, Rev. John Simpson (Victoria, B. C.); born Montrose, P. E. I., 1865; inspector of schools for Vancouver Island.
Harrault, Alexander Ross (Winnipeg); born Cobourg, Ont., 1860; grain merchant in Manitoba for many years; a past president of the Winnipeg Grain Exchange.
Langlois, Thomas T. (Vancouver); born Gaspe, Que., 1876; organizer and president of the British Columbia Permanent Loan & Savings Company and of the Pacific Coast Fire Insurance Company.
Lavelle, Cecil Fairfield, M. A. (Kingston, Ont.); born Kingston, 1872; dean of the faculty of education at Queen's University for several years.
McKeown, Hon. Harrison Andrew, D. C. L., LL.B., K.C. (St. John, N. B.); born St. Stephen, 1858; Liberal M. P. P. for St. John county, 1890-1909; attorney-general of New Brunswick, 1907-1908; judge of the Supreme Court of New Brunswick since 1909.
Munn, Angus (New Westminster, B. C.); born 1858; collector of customs at New Westminster since 1902.
Pelletier, Hon. Honore Cyrus, LL.B., LL.D., K.C. (Quebec); born Cacouna, 1849; judge of the Superior Court, 1886-1912.
Perry, Aaron Jenkins, M.A. (Summerside, B. C.); born Perry's Point, N. B., 1875; school principal in New Brunswick and British Columbia; now professor of English literature at Okanagan College.
Sanderson, Frank, M.A., LL.D. (Toronto); born Peterborough, 1862; actuary and joint general manager of the Canada Life Assurance Company.
Walker, Henry Joseph, M.P. (Warkworth, Ont.); born Hillier township, Prince Edward, Ont., 1849; Conservative M. P. for East Northumberland.
Walton, Frederick Parker, LL.B., LL.D. (Montreal); born, Nottingham, Eng., 1858; dean of the law faculty of McGill University.

MILLS TIED UP.

Pittsburg, Pa., Nov. 27.—Striking trainmen of the Carnegie Steel Company to-day succeeded in tying up the Homestead and Rankin mills and furnaces in almost all departments, but at Braddock seven locomotives were working and two blast furnaces were in operation.
The trainmen in a statement declared they would not return to work until the company reinstated three leaders who circulated the strike petition. Conferences of the steel company officials were held to-day, but if any action was taken it was not made public.
A forthcoming trial in baseball circles will be on charges of "conduct unbecoming a league president," and a gentleman?

Light Your Kitchen with a Rayo Bracket Lamp

Sometimes in the kitchen or elsewhere you need a lamp held high, where it will light the whole room, and be out of the reach of children.

The Rayo Bracket Lamp is made for exactly this purpose. It is one of the famous Rayo Family—the best kerosene lamps made. A clear, white light, steady, diffused. A strong, substantial bracket, easily affixed to the wall. The lamp is inexpensive. Economical. Lighted without removing chimney or shade. Rayo Lamps are made in various styles and for all purposes.

WALTHAM Riverside

Every civilized country sings the praises of the Waltham Riverside. For a full generation this famous movement has been trusted and respected in every part of the world. Its reliability is never questioned.

A Riverside is a splendid investment for lady or gentleman. It gives a better return, dollar for dollar, than any other watch and depreciates less in value with the years. It is a timepiece to be handed down from generation to generation. It is made in 17 and 19 jewel grades—carefully timed and adjusted at the factory. Priced at \$40 and up, according to the grade of movement and quality of case. Sold by all Jewelers.

Woman's Auxiliary of Jubilee Hospital Hold Meeting.

The regular monthly meeting of the Woman's Auxiliary, Provincial Royal Jubilee hospital was held in the Board of Trade rooms on Tuesday, with the president in the chair, and about eleven members present.

Reports were read of the recent linen shower, and hearty thanks expressed to all who so generously gave linen or money. Thanks are also due to those who responded so promptly to the notice mentioning the need of dressing gowns and slippers for the male patients.

Much satisfaction was felt at gratifying result of Madame Labadie's recital—the sum of \$378 accruing to the Woman's Auxiliary as their share of the proceeds of this entertainment.

The annual grant of \$50 for the Christmas cheer was made, and a purchasing committee consisting of Mesdames Pigott and Wright, appointed.

It was mentioned that holly, ivy and other Christmas greens will be gladly received at the hospital, in the week preceding Christmas.

SHILOH

quickly stops coughs, cures colds, and heals the throat and lungs. 25 cents.

TALK ON EUROPE.

Mrs. Watson, of New Westminster, Describes Six Months' Trip on Continent.

Last evening, at the residence of Mrs. Frank Adams, Gorge road, a delightful time was spent by the members and friends of the Women's Educational Club when Mrs. C. Watson, of New Westminster, gave an illustrated description of her trip through Europe last summer, extending over a period of six months and embracing France, Switzerland, Germany, Austria and Italy. The various photographs were excellent, and proved very interesting and diverting, Mrs. Watson having her own lantern.

Later in the evening the guests were entertained with a short musical programme given by Mrs. (Dr.) Humber, who sang, and by some pianoforte numbers by Stanley Deaville, the hostess providing a delicious buffet supper, which was much enjoyed by the guests. The president, Mrs. McDiarmid, presided over the more official part of the proceedings, and Mrs. Jenkins, in her usual apt manner, moved a vote of thanks to the speaker of the evening for her entertaining and instructive talk. G. D. Christie making a motion of thanks to the hostess for her kind hospitality. The proceeds of the entertainment, it was announced, would go to the Columbia College educational fund.

PARKER WILLIAMS ON THE STRIKE

CAUSTIC COMMENT ON GOVERNMENT'S ACTION

Deprecates Sending of Army of Special Police Who Are Not Required

"The solicitude of the provincial government for the interests of the Canadian Collieries, Ltd., in connection with the strike at Cumberland is very touching," remarked Parker Williams, M. P. for Newcastle, who has just returned from a visit to the mining town up the island. "There are now about a hundred and fifty special policemen on the scene to overawe a community which always had the reputation of being as orderly and law-abiding as any place in Canada. From time to time the government press contains hints of impending violence to justify the dispatch of the small army of police.

"Who sent for the special constables? Not the mayor; not the regular chief of police of the town—at least they say they were not consulted. This automatic suspension of municipal administration indicates with what unquestioning obedience the provincial authorities follow the instructions of the Mackenzie & Mann interests.

"The whole trouble arose from the dismissal of one of the men whom the miners, under the act, appoint to make a monthly examination of the mines to ascertain whether the conditions as to safety, etc. are such as to justify the miners in working there. It should be borne in mind that the coal miner's life is a dangerous one at best, and it is only right that he should be fully aware as to the risks he and others who mine coal may have to run.

"One would imagine from the force of special police on the ground; the practical suspension of municipal functions as far as the administration of law and the maintenance of order are concerned, that a riot was in progress. The circumstances are such as to require that we keep a sharp look-out to see that, with the assistance of a formidable police force the government does not connive at a violation of the Coal Mines Regulation Act with regard to the employment of Oriental labor in mines."

WEATHER BULLETIN

Daily Report Furnished by the Victoria Meteorological Department

Victoria, Nov. 28—5 a.m.—The barometer remains high over this province and fair, cold weather is general with moderate winds along the Coast. Light snow is reported in Kootenay and northwesterly gales prevail in Alberta and Saskatchewan.

IDEAS OF A PLAIN MAN.

BY DR. FRANK CRANE

Let this much be said for the comfort of the enemy: many a compliment has failed to cheer us, but no cruel word ever missed its aim.

You may doubt your power to help and encourage others; there is no doubt about your power to hurt.

The flea can bite and the bee can sting, and no smallest soul of man is without the ability to cause pain.

Hurting people being so cheap a business, I have left it off altogether, as much as poor human nature will allow, and am resolved to bend all my efforts toward increasing the happiness of such fellow beings as I may fall in with.

All who have given me a lick, all who have bestowed upon me a sneer or a glance of scorn, all who have tried to take me down, every man and woman who has raised hand against me or shot at me the poisoned arrows of tongue or pen, let them all here and now know that they have been successful. They have invariably caused pain.

The gifts of love often are miscarried, but the arrows of hate are sure.

The Dominion revenue for the first seven months of the fiscal year was \$28,127,597, an increase of \$20,000,000 over the same period last year.

Ocean Beach

"Where Life's Worth While"

Why don't you get away from the growing city and yet be near enough to the centre of things to go backwards and forwards between home and town with ease and no waste of time?

You can do it and do it magnificently and at the same time make one of the best investments open to you to-day, by buying a lot right now at our easy opening prices and on our easy opening terms in that splendid subdivision called "Ocean Beach."

We can say truthfully and frankly that this is the best subdivision we have ever had the privilege of offering, and that means considerable. This property will "come into the market," as the saying is, very rapidly, and you know yourself that Victoria is growing at a remarkable rate. Here in "Ocean Beach" is property fronting on one of the most perfect sand bathing beaches in existence, property

that is level and high and dry, property that commands wonderful views of the Straits, of the Mountains, of the city itself with such landmarks as the parliament buildings and the Empress hotel standing out plain and distinct. Such property as this cannot be duplicated. It offers advantages that are always worth a big price. As the city grows this property will increase in value by leaps and bounds.

"Ocean Beach" is on Royal Arm. The transportation facilities even now are good, but in a short time when the government road is completed and a ferry service is installed they will be much better. The waterfront lots face a wide boulevard with the famous sand spit, which skirts the Esquimalt La-

goon, and along which the Belmont road will be constructed, running right into the property. The beach is reserved for all property-owners in the subdivision. It is a superb washed sand beach slanting gradually into calm salt water, and protected from all prevailing winds. As a bathing beach it has no equal in British Columbia.

Plenty of pure cold water for all residents from the famous Colwood Springs, nine of which are on the property. Shade trees are plentiful, and the

soil is deep, rich loam, ideal for gardens and lawns or for fruit.

CORONATION, CANAL AND OTHERS FIRM

Island Investment Offered on Stock Exchange To-day at \$40 Per Share

Victoria, Nov. 28.—There was an improvement in sentiment on the local stock exchange this morning, and a moderate business characterized the session, although there were only two sales.

Coronation Gold was stronger, but it is not anticipated that any movement of importance will temporarily be experienced, while the resting orders to buy on a scale down will prevent any real depression.

Portland Canal M. Co. was fractionally firmer, and the present low price is well supported. Island Investment stock was offered at the low level of \$40 per share.

Table listing various stocks and their bid/ask prices, including items like Amal. Dev., Amer.-Can. Oil, and various other companies.

Table listing prices for various commodities, including Wheat, Flour, and other goods.

BUSHNELL APPOINTED. Portland, Ore., Nov. 28.—Fred A. Bushnell, purchasing agent of the Hill lines in the northwest, has been offered and will accept the position of general purchasing agent of the entire Great Northern system.

D. M. RANDELL DEAD. Washington, D. C., Nov. 28.—Col. Daniel M. Randall, sergeant-at-arms of the United States senate, former United States marshal for the District of Columbia, and an intimate friend of the late President Harrison, died here early to-day as the result of an operation performed November 7.

REDUCE DUTY ON WHEAT IN FRANCE

CROPS NOT RIPENED WANT CANADIAN HARD

Similar Proceedure to That of 1893 May Be Followed This Year

Ottawa, Nov. 28.—Advice have been received at the department of trade and commerce that the press of France is urging upon the government a reduction of duty upon wheat entering France owing to the fact that a large crop in the northern part of France has not ripened well, and that it would be necessary to import a larger quantity of Canadian hard wheat than usual in order to provide the quality of flour which French bakers are accustomed to.

BULLION SHIPMENTS. London, Nov. 28.—Bullion amounting to \$7,000 pounds sterling was taken into the Bank of England to-day, and \$20,000 pounds sterling was withdrawn for shipment to South Africa.

BOMBAY BANK RATE. Bombay, Nov. 28.—The rate of discount of the Bank of Bombay was raised from 5 to 6 per cent. to-day.

COUNCIL COMMITTEES BUSY TO-MORROW

Special Meeting of City Council Will Finally Pass By-laws Laid Over From Tuesday

Three committees of the city council will be engaged to-morrow. There will also be a special meeting of the city council at a quarter to four o'clock, prior to the streets committee, in order to complete the passage of by-laws finished on Tuesday as far as they could go, and set over to another council meeting.

Circumstances have arisen to urge the council to act promptly in empowering the officials to carry the law into effect, and hence the desire to complete all legal preliminaries.

The fire wardens will meet in the morning, among other subjects being to dispose of old material which no longer has any practical value to the department, one idea in mind being to clear up the market building, which is full of abandoned material.

Already one store is in the hands of the carpenters, being fitted up for a branch of the medical department, and the tenancy of the other two on Cornorant street will be determined this month.

The other committee, in addition to the usual session of the streets committee, which meets to-morrow will be that on health and morals, out of which several matters arise for consideration. This week has been a much busier one at the city hall than has been the case for some time. Next Monday the court of revision on about thirty local improvement by-laws is timed to sit, another batch being taken on the 30th of next month.

The Smart Bag Company has completed an arrangement with the Dominion government to supply the post office with bags in which to carry the mail. The contract extends over a period of four years.

WINNIPEG MARKET IN NERVOUS STATE

Fluctuating Prices With Good Demand for Contract Grades Only

Winnipeg, Nov. 28.—The market was nervous and excitable to-day, prices fluctuating to an unusual extent, but on the whole the situation is stronger. There is a good cash demand for contract grades, and little demand for others.

Table showing Winnipeg market prices for various commodities like Wheat, Flour, and other goods.

Winnipeg cash prices—Wheat—No. 1 Northern, 20; No. 2 Northern, 17; No. 3 Northern, 15; No. 4 Northern, 13; Winter wheat—No. 1, 14; No. 2, 12; No. 3, 10; No. 4, 8.

ELEVATORS IDLE. Fort William, Ont., Nov. 28.—Four or five elevators are idle here to-day; weather is turning cold and snowing. There is necessity of rushing cargoes to allow ships to clear on schedule time.

SAYS HE WAS HIT AS HE CAME OUT. J. Hutchinson Gives Testimony at Hearing of John M. Telfer.

That he had just emerged from the St. Francis hotel on Tuesday evening, and had not had time to perceive who was about when he was attacked by John M. Telfer, was the statement made by John Hutchinson at the hearing of the charge of wounding against Telfer before Magistrate Jay this morning.

As the police stated that Andrew Ohren would not be able to come from the hospital for three days at least, Hutchinson's was the only evidence taken. Both charges were adjourned until Tuesday next. P. C. Lowe appeared for Telfer.

A Scottish minister, while visiting one of his flock, inquired of the five-year-old son of the house which of the books bore him the master most used. The leather-covered family Bible being indicated; he said: "That's right, I'm glad to know that. And when does he use it?" "On Sabbath mornings," was the reply. "Only once a week?" exclaimed the man in black. "Does he read it aloud at all?" "No," was the five-year-old's reply. "It chaps his razors on it."

Investigate; prices \$1,300 to \$1,700, terms, 1-3, 1-4 or 1-5 cash, balance over three years.

HENLEY—Cadboro Bay

INVESTORS, attention—consider these facts: the carline to Cadboro Bay is now completed out to the Uplands, contracts have been awarded for the construction of the Royal Victoria Yacht Club's palatial new home on Cadboro Bay.

A large number of beautiful homes are planned for this desirable district.

Do you realize what this means?

Can you imagine the price you will have to pay for building sites in this district a year hence?

Henley is right in the heart of things; a beautiful view from every lot.

Investigate; prices \$1,300 to \$1,700, terms, 1-3, 1-4 or 1-5 cash, balance over three years.

CONSTERNATION IN DEPARTMENT WHEN ONE HUNDRED MEN ANNOUNCE THEIR DEPARTURE

Tacoma, Nov. 28.—Consternation was caused in official circles to-day when it became known that 100 firemen of the Tacoma fire department plan to resign to enter the Seattle fire department. The Seattle department adopts the platoon system in April, and is seeking experienced firemen for the consequent increase in its force. As the Tacoma department has a total of only 120 men, including seven telephone operators, the exodus of the 100 who intend to resign would compel the city to rebuild the department from the bottom up.

Higher pay and shorter hours are the drawing cards in Seattle.

Ordinary firemen in Tacoma receive \$80 a month and captains \$85. They are on duty 24 hours. Ordinary firemen in Seattle are said to receive \$104 a month and captains \$105, and in addition they will be on duty 12 hours under the platoon system.

Chief Stetson, of Seattle, recently asked one of the Tacoma capitalists to obtain money for him with the result that not less than 100 will go to Seattle. Seattle will need 150 new men.

Fire Chief George McAuley has hopes the city commission will grant his men an increase and that many of them can be induced to remain.

St. Petersburg, Nov. 28.—Several meetings have been held at Chee Fu, China, to organize a boycott of Russian goods, according to a dispatch from that city. The Chinese are endeavoring to collect a war fund amounting to \$5,000,000 and to enlist 2,000 volunteers among the inhabitants.

BOYCOTT RUSSIAN GOODS.

Philadelphia, Pa., Nov. 28.—Four persons are known to have been killed and more than two score were injured, some probably fatally when the Cincinnati express on the Pennsylvania railroad, which left here at 10:40 o'clock last night was derailed at Glenloch, about 25 miles west of this city shortly before midnight.

FOUR KILLED IN WRECK.

Philadelphia, Pa., Nov. 28.—Four persons are known to have been killed and more than two score were injured, some probably fatally when the Cincinnati express on the Pennsylvania railroad, which left here at 10:40 o'clock last night was derailed at Glenloch, about 25 miles west of this city shortly before midnight.

PRINCE RUPERT WINS CAMERON COVE CASE

Appeal of Grand Trunk Pacific Dismissed by Order-in-Council This Morning

Ottawa, Nov. 28.—An order-in-council has been passed dismissing the appeal of the G. T. P. against the order of late Judge Mabee, of the railway board, in regard to the Cameron Cove, Prince Rupert. The railway constructed a wall across the cove, which is a navigable sheet of water affording protection to vessels, and Mabee ordered that an opening at least thirty feet wide be made in the obstruction. The G. T. P. appealed to the Supreme Court, where it was defeated, and then appealed to the government in council. On June 13 Norman Guthrie and Clive Pringle, appearing on behalf of the Prince Rupert Board of Trade and property owners, argued before the Privy Council that Mabee's order should be maintained. This has been done. It is understood that Cochrane, minister of railways, who recently visited Prince Rupert, agreed absolutely with the findings of Mabee.

CANADIAN NORTHERN ENTRY TO VANCOUVER

Impression That False Creek Will Be Dropped and Another Point Sought

Vancouver, Nov. 28.—Nothing more has been heard at the city hall of the Canadian Northern proposals put forward some time ago by Col. A. D. Davidson for the acquisition of False Creek. Col. Davidson went East several weeks ago to confer with his superiors, who are said to have objected to some features of the proposed arrangement.

The impression appears to be growing in official circles at the city hall that the False Creek scheme has been dropped for the present at least, and that it is possible that the C.N.R. will later make its entry to Vancouver by some other route than the tunnel to False Creek.

TO COPE WITH GROWING TRAFFIC

LARGE ORDER PLACED BY B. C. E. RAILWAY

Eastern Canadian Firm to Supply Victoria and Vancouver With 65 Cars in Spring

PRECEDENT OCCURRED TWENTY YEARS AGO

For Raising Interest on Debentures After All Preliminaries Had Been Completed

The desire of the management of the B. C. E. Railway Company to meet the demands of the growing traffic over its lines, was testified to this morning when it was learned from Vancouver that the contract for the first batch of passenger cars had been completed. The expenditure for this single contract covers in the neighborhood of \$200,000.

The order for sixty-five city cars of the most modern type has been placed with the Preston Car & Coach Company, of Preston, Ont., and the terms of delivery demand that the first consignment be at hand early next spring, to be precise, the first lot to be at hand by April 1, and shipments thereafter at the rate of two cars per working day. This requirement guarantees that the whole of the sixty-five cars will be in operation during the month of May.

A. T. Goward, local manager of the B. C. E. railway, stated this morning that about fifteen cars had been requested for next spring, and these will in all probability be taken from the sixty-five coming from Preston. The cars are to be of the single end type, and 44 feet in length. In general they are to be similar to the Brill cars having the arch roof, flat seats, etc., as provided in those cars together with a number of minor improvements, which have been adopted in the largest cities of the world. For efficiency and elegance of design the new vehicles will be equal to any cars on the continent. Following the requirements of the new regulations issued by the provincial government the new cars will be equipped with gates or doors on the platform to cope with any rush of traffic.

It is stated that the placing of a large order of this description with an eastern firm does not, by any means, imply that the B. C. E. railway has abandoned its policy of car building at its shops at New Westminster. At the present time the traffic requirements are such as require large additions to the rolling stock of the company at the shortest possible notice. The large amount of repair work which has been necessary, has obviated the shipments for the latter part of 1912 are made it is possible that the yards at New Westminster will figure in them in such a manner as will keep them constantly busy.

The ten cars now due for the local company from Seattle have not yet arrived.

LOADING UP!

Parker Williams, M. P., is Getting Ready for the Session.

Parker Williams, M. P. for Newcastle, who was in the city yesterday, is loading up for the coming session. He has a long list of questions to ask the government and with his Socialist colleague, John Place, expects to enjoy the contortions of the various ministers as they give their answers.

For instance Mr. Williams has a neighborly interest in the Songhees Reserve question from the time of the original settlement to the terminals trouble and will endeavor to satisfy his curiosity on some phases of this matter upon which he is not quite clear. He has evidently been quite industrious during the interim and will make the session more interesting than is promised at first blush.

May—"Girls, who do the papers mean when they talk of a seat of war?"
 Ed—"I don't know any more than I do what a staming army is."
 Bell—"Why, how ignorant you are. The seat of war is for the standing army to sit on when they get tired."
